Usman Tahir

SQA Engineer

Walton Road Lahore,Pakistan

Dear Hiring Manager,

I was excited to learn about the SQA Engineer Job position in your organization which Posted on your website and would greatly appreciate your considering my placement in this role. I've closely reviewed the needs and requirements for this role and believe that my qualifications have prepared me to contribute immediate value to your organization.

While in university, I worked hard to hone my software engineering and data collection skills. I am focused and attentive to detail when addressing high-volume task loads to meet deadlines. I am inspired by making a positive impact by applying quality control skills and my problem- solving abilities allow me to address challenges to achieve results.

My academic experiences have served me well in developing my communication, leadership, and innovation skills. I work well to use clear and concise communication to interact professionally with co-workers, supervisors and customers. I look forwardto speaking with you regarding my skill set and attributes which I believe will serve as an asset to support Organization. Please take a moment to review my attached resume. Thank you for your time and consideration.

Usman
